RTD to Implement New Schedules on January 25

(Stockton, CA) – On Sunday, January 25, San Joaquin Regional Transit District (RTD) will implement new schedules for many of its routes. Most changes are minor timetable and/or map changes to improve on-time performance, provide better connections, and increase ridership. The most notable changes are to Routes 71, 85, and new Route 385.

- Route 71 will modify trip times to improve on-time service and provide more convenient route connections at locations such as the Downtown Transit Center (DTC), Mall Transfer Stations (MTS), and the Hammer Triangle Station (HTS).
- Route 85 will operate shorter faster trips between DTC, Wilson Way, "B" Street, Togninali, and Venture Academy Family of Schools located near Arch Road; it will be integrated with a New Route 385 Limited Weekday Service.
- Route 385 will operate direct morning and afternoon peak hour trips between Togninali, "B" Street, 8th Street, Oro, and Farm/Gertrude.

A complete matrix of the service changes is attached to this press release and available at RTD's [website](#).

Customers can view and download the new schedules from RTD's website, or call (209) 943-1111 or visit the Downtown Transit Center to get schedules and information.
