

# RIDER NOTICE

December 20, 2012

## **COMMUTER ROUTE 155** **Effective Wednesday,** **January 2, 2013**

Due to very low ridership and a lack of financial support for this route, RTD must terminate Route 155 effective January 2, 2013.

We appreciate the opportunity to provide this pilot service. Unfortunately, expanded commuter services must be fully funded through fares and this route did not generate enough revenue to maintain the service. With your support, RTD and the Mountain House Community Services District may reassess the pilot program in the near future.

If you have any questions regarding the termination of this service, please contact Commuter Services at (209) 943-1111.
