

# RIDER NOTICE

June 18, 2014

## Route 150 Service Changes effective July 1, 2014

RTD is modifying Route 150 effective July 1, 2014, in order to provide more effective service to the Dublin/Pleasanton BART station. The new schedule is attached to this Rider Notice.

RTD has made the following changes to the Route 150 schedule to improve RTD's overall service to the BART station to decrease travel times, increase service reliability, and provide eight (8) round trips per weekday:

- Removed underperforming service to the Lawrence Livermore National Laboratory
- Removed underperforming connections from
  - Manteca (8:10 a.m.); and,
  - Michigan Park-n-Ride (8:10 a.m.)
- Reduced one-way travel time to the BART station by 20 minutes
- Added one new trip leaving BART at 5:30 p.m.
- Reduced the transfer time at the BART station
- Added travel time between Stockton and Lathrop
- Added regular stops at the Downtown Transit Center

For many Route 150 customers, your traditional pick-up time will change by 5 to 15 minutes. Please take a moment to review the attached schedule.

For customers currently commuting to the Lawrence Livermore National Laboratory, we encourage you to consider one of the following service alternatives:

1. Use RTD Commuter Route 152
2. Remain on RTD Commuter Route 150, and connect to LAVTA Wheels Route 20X at the Dublin/Pleasanton BART station
3. Use Altamont Commuter Express service to Livermore
4. Use Commute Connection Vanpool Services

LLNL customers will receive a packet of materials with information on these service alternatives.

If you have any questions, please contact Commuter Services at (209) 943-1111.

**Route 150** Effective July 1, 2014
