RTD Implements Route Changes to Improve Service Reliability

Stockton, CA—San Joaquin Regional Transit District (RTD) is implementing new schedules for some of its routes on Sunday, January 26. “We are constantly monitoring our routes to evaluate their performance,” said Chief Operating Officer Toan Tran. “These changes are made in response to our desire to continually improve our service reliability, increase on-time performance, and provide better connection.”

RTD strives to always provide the highest level of service to the greatest number of people with its available resources; this service realignment responds to the demonstrated needs of our customers.

New service times and/or destinations have been added to improve service reliability for the following routes:

- Route 43
- Route 49
- Route 560

Time changes on the following routes will improve efficiency, on-time performance, and connectivity:

- Route 371
- Route 378
- Route 380
- Route 578

A complete list of service changes is available at <http://sanjoaquinrtd.com/service-changes/>.

San Joaquin Regional Transit District (RTD) is the regional transit provider for San Joaquin County. RTD’s mission is to provide a safe, reliable, and efficient transportation system for the region. For more information visit sjRTD.com, follow RTD on [Facebook](#) and [Twitter](#), or call (209) 943-1111.
